"The Original Refresher Course."

History.

When man needed transportation, he invented the wheel. When man needed warmth, he discovered fire. And when man needed real refreshment, he invented the real thing. Coca-Cola.

English.

Coca-Cola (Kōka-Kōla)
Coke (Kōke): trademarks which identify the same dark-colored, delicious, carbonated soft drink.
This unique tasting soft drink gives real refreshment, pleasure, fun, quenches thirst, it's the real thing.

The classic bottle.

Math.

Man X is working in the sun where it is 97°.
Man Y is working in the shade where it is 92°.
Both X and Y then have a bottle of Coca-Cola, (ideally served at 34°).
Construct an equation:

X+Y+refreshing Coca-Cola =X+Y-thirst.

Poetry.

It's the real thing.
In the back of your mind,
What you're hoping to find,
Is the real thing.

It's the real thing.
That's the way it should be.
What the world wants to see,
Is the real thing.

It's the real thing.
Coke.
